Dear Author,

We would like to inform you that the deadline for submitting the full manuscript to **Scientific.Net is August 31st.**

We have sent you an email regarding your account information of Scientific.Net. Please directly use that account to login and upload your manuscript through the journal website.

If you have any further questions or require assistance, please do not hesitate to contact us.

Thank you for your time and contribution.

Best Regards,

Secretariat team

Reply-To: "INTERNATIONAL CONFERENCE ON APPLIED T..." <9783036405933@scientific.net>

To: Desrina Yusi Irawati <desrina.yusi@gmail.com>

Dear Author,

This email is to notify that your paper has been accepted for presentation in International Conference on Applied Technology 2024.

As for the publication, your article Lean Manufacturing Analysis: Using WAM and VALSAT to Reduce Waste in the Plastic Sack Finishing Process at PT Surya Plastindo has been preliminary accepted for publication in the INTERNATIONAL CONFERENCE ON APPLIED TECHNOLOGY 2024. The final verification of it will be done by the Publisher - as soon this is done, you will get an additional confirmation for the final acceptance. Although no further action is required, you can verify the status of your article by logging in to the publisher's website :

Please go to <https://www.scientific.net> and log in using the credentials below.

Username : desrina.yusi@gmail.comPassword : 

After you log in please select « Author » role near the top of the screen.

If any further changes in your article become necessary you must notify and obtain a permission from an Editor via E-mail PRIOR to uploading a new version.

The final acceptance notice you will receive after publisher's internal check. Thank you very much.

Best regards,
Prof. Suryadi Ismadji, Ph.D., IPU.

International Conference on Applied Technology <icat@ukwms.ac.id>

Mon, Dec 2, 2024 at 7:25 PM

To: desrina.yusi@gmail.com

Dear Desrina Yusi Irawati,

We hope this email finds you well.

We are writing to express our sincere gratitude for your participation in the recent International Conference on Applied Technology (ICAT) 2024 in conjunction with Seminar Nasional Riset dan Teknologi Terapan (RITEKTRA) XI. Your presentation on "Lean Manufacturing Analysis: Using WAM and VALSAT to Reduce Waste in the Plastic Sack Finishing Process at PT Surya Plastindo" was insightful and engaging, and we appreciate you sharing your expertise with the conference attendees.

Attached to this email, you will find your official certificate of participation in the conference. This certificate acknowledges your valuable contribution to the event.

We are also pleased to inform you that your paper is currently undergoing the review process for publication in the scientific journal that will be published by Scientific.net, a reputable publisher in the field of Applied Technology.

Paper Publication Update:

You can expect to receive a separate email notification directly from Scientific.net regarding the status of your paper's publication. We recommend checking your email frequently, including spam folders, for updates from the publisher. Thank you again for your participation in the ICAT 2024 in conjunction with RITEKTRA XI. We look forward to your continued involvement in future events.

Sincerely,

The International Conference on Applied Technology Organizing Committee

Paper: «**Lean Manufacturing Analysis: Using WAM and VALSAT to Reduce Waste in the Plastic Sack Finishing Process at PT Surya Plastindo**»
Journal: «**Engineering Headway**»

Dear Desrina Yusi Irawati,

We would like to thank you for your efforts to help produce this new volume, which contains your paper «Lean Manufacturing Analysis: Using WAM and VALSAT to Reduce Waste in the Plastic Sack Finishing Process at PT Surya Plastindo» and can now be found online. To access the volume please follow the link:

[Engineering Headway Vol. 18](#)

Your final paper (pdf) is permanently available to you via your personal account which is accessible with your registered Username:
desrina.yusi@gmail.com

Please choose the "Published Papers" functionality in the upper left corner of the webpage to access your published works.

The wider audience can now stay tuned and informed of your newest publications via social networks in a couple of clicks. Share your article easily with your LinkedIn community by [Share the Article on LinkedIn](#).

To make your article more visible, you may want to turn it Open Access (OA), which can be requested by adding the OA option to cart through your "Published Papers" menu, or just contact us at authors@scientific.net. OA publication will help to increase its accessibility and appreciation by the scientific community all over the world.

Thank you very much for your collaboration, time, and support.

PS Last but not least we are pleased to let you know that:

- We target multiple publications on the niche topics of materials science and engineering. We believe that it will be of great use to practical engineers, scientific researchers and broader academic groups and thus are happy to offer you a 25% discount on any book from the Scientific.Net database (print or eBook) by the following promocode - **BOOK25OFF**.
- The volumes in which your paper is included we are happy to offer at a 35% discount.

For other offers and for any questions about the current or future publication, or your account, please contact us at authors@scientific.net.
